Arturo, on our call this afternoon regarding your request for a conference, you indicated that you could not tell me, as I requested, what you intended to raise at the conference. But you did indicate you did not want it on the record. The Court's Order states that a court reporter will be present unless both sides stipulate otherwise by 10 am. I am not sure whether your position on whether it should be on the record or not has changed based on the Order, but to the extent you are going to be seeking a stipulation, we would need more information on what you intend to disclose at the hearing before we could even consider such a stipulation. Given time is short, I figured I would reach out to let you know. Regardless, I reiterate our request that you provide this information before the conference so that we know what you intend to raise with the Court in advance.

Please let me know if you would to discuss.

David
